TO INVALIDS AND PERSONS OF DELI-CATE HEALTH WHO VISIT THIS ISLAND.—Havaxa, December 15, 1841.—It has long been a matter of regret to the inhabitants of this city, that, on the arrival of invalids from the United States with letters of introduction, it has never been in their power to recommend them a suitable residence in the country. It has therefore been necessary for such persons, either to take up their abode in the hotels in town, where the noise and bustle of a crowded city, and the want of the pure atmosphere and cam retirement of a country life, prevent their deriving that benefit from the change of climate which they naturally expect, or they are compelled to go to places in the country where no adequate preparations have been made for receiving them, and where the apartments, accommodations, and manuer of living, are in no wise calculated for persons in a delicate state of health.

state of health.

From a due consideration of this want, and of the great henefit that would be derived by invalids who seek to regain that health in the mild and beneficent climate of Cuba, if a suitable abode should be provided for them, the subscriber, a medical practitioner long established in this city, has appropriated his beautiful coffee estate called the Bueña Esperanza, situated in the most healthy and romantic part of the country, so as to form a residence equally agreeable and attractive. In order to carry out this intention to the fullest extent that professional knowledge and a long experience of the effects of tropical climates could attain, no pains have been spared to form an extablishment, which affords to the invalid, as well as to the healthy visiter, every rational enjoyment that to the healthy visiter, every rational enjoyment that can be derived from dwelling in the mildest climate, surrounded by the most picturesque vegetation. The grounds, laid out in the beautiful style of a coffee esgrounds, and out in the beautiful style of a conce es-tate, comprise about five hundred acres. The Bueña Esperanza is situated on the south side of the island, and is thus, in a great measure, sheltered from the chilly winds which now and then blow from the north during the winter months. The district in which it lies has been, from its extreme beauty, termed the Windsor of Cuba. The house has been built with

windsor of Cuda. The louise has been and what every attention to those comforts so indispensable to availed, and of which the buildings of this country are so destitute. All the rooms have boarded floors and glass windows. The establishment is on the footing of that of a private family, of which the guests footing of that of a private family, of which the guests torm part, making themselves quite at home, and without being confined to those regulations which are necessary at hotels. In this establishment the invalid has it in his power to vary his amusements, by walking in the shady avenues of mango and palm trees, riding on horseback or in a volante, or visiting the neighboring estates, so thickly spread through the populous country. A large sugar estate close at hand, affords an opportunity of drinking the hot cane juice, while the surrounding woods furnish amusement to the sportsman. ment to the sportsman.

The subscriber's numerous family resides constantly

on the premises.

The Bueña Esperanza is situated about thirty-five

The Bueiae Esperanza is situated about thirty-five miles southwest of Havana. The route, which crosses a most lovely country, is as follows: From Havana to Bejucal, fifteen miles on railroad; from Bejucal to Buena Esperanza, twenty miles on a carriage road. It occupies about five hours. By application to the subscriber at his residence in Havana, No. 95 O'Reilly street, the party can be forwarded to the estate without delay.

All persons applying are expected, if not previously known, to bring an introduction from some respectable mercantile house of this city.

EDWARD FINLAY, M. D.

Calle de O'Reilly, No. 95.

I have visited and spent a short time at the estate of Dr. Finlay, described in the above letter, and most fully concur in every statement there made as to the Buena Esperanza. It is not surpassed for beauty of scenery and a healthy location by any place which I have seen in Cuba, and the invalid will find the numerous family of Dr. Finlay most agreeable and intellectual; and the English, French, and Spanish languages are all spoken by several members of the family.

WASHINGTON CITY, TUESDAY, JUNE 21, 1842.

NO. 160.

first Premium of the American Institute in the city of New York for five successive years, and has received a gold medal, in commendation of its superior merits. This Glass is made from white-dlint sand, obtained in the vicinity of the works, and is the only Crown Glass made from that species of sand. It is capable of standing every change of climate, nor will it lose its lustre by age.

The Redford and Saranac Crown Window Glass

The Redford and Saranac Crown Window Grass are distinguished from ordinary Glass by the uncommon evenuess and beauty of surface, the superior transparency and lightness of color, the great thickness, and the general excellence of the materials which compose them. The surface not being polished after being blown, retains the chamtel, brilliancy, and hardness, and is not subject to the objection of and hardness, and is not subject to the objection so often applied to Plate Glass, of being easily defaced and permanently bedinimed by dust; being made of extra thickness, will, without injury, withstand violent winds, hall storms, jars of cannon, &c. Its use, in the end, will prove more economical, independent of its adding so much to the beautiful appearance of buildings.

of its adding so much to the beautiful appearance of buildings.

Specimens of this deservedly popular Glass may be seen in the New York Exchange and Custom House, Howard's Hotel, Bronson's Buildings, Broadway, Centre Market, and a great many private residences and stores in various parts of the city; also, in the Exchange and Custom House, Boston; Girard College, Philadelphia; Exchange Hotel, Baltimore; in the public buildings at Washington city; the Capitol at Raliegh, North Carolina, and in many both both public and private edifices throughout the Enited States. It has been used in a great number of steamboats and rail road-cars, and given entire satisfaction. It is believed that the above will suffice to prove that this Glass stands pre-eminent, and that it deservedly merits the approbation of builders and consumers of Glass.

The Saranae Crown Glass is most used in stores and buildings of the second order, green houses, &c.

at §2 per annum, in advance.

J. EVANS SNODGRASS, Editor.

The "Visiter" is the only literary family paper published in the State of Maryland, and enjoys a wider circulation than any other paper in Baltimore.

The first number of the twelfth volume was issued on the 15th of January, 1842. To those who have found this paper a welcome Visiter for eleven years, it is unnecessary to describe it. For the benefit of others, we may just hint, that it is a LARGE F.LM-H.Y NEWSPAPER, devoted to Morals, Science, Literature, and General Information, including a due quantity of Agricultural facts, gleaned from the best agricultural publications of this country and Europe, It contains Foreign and Home Correspondence, Essays, Poetry, Tales, &c., &c., written expressly for the paper by the pens of some of the most popular writers in America. The productions of the ablest Authors in Europe also, will be found in its pages.

The following are among the contributors to the "VISITER."

CONTRIBUTORS.

Rev. E. Y. Reese, Rev. Leander Kerr, Prof. J. R. W. Dunbar, Prof. Edward Foreman, Prof. Chapin A. Hurris, Dr. C. C. Cox, Dr. James Hamilton, Dr. John Fonerden, Messrs. M. Topham Evans, T. S. Arthur, author of "The Subordinate," W. H. Carpenter, J. B. Jones, author of "Western Scenes," L. T. Vogt, E. F. Colburn, J. Austin Sperry, J. E. S. Rochester, Thomas C. Atkinson, Dr. J. W. Geyer, Mrs. Lydia Jane Pierson, Mrs. Amelia B. Welby, Miss Esther Wetherald, Author of "The Two Christmases," David Hoffman, Esq., N. C. Brooks, A.M., Messrs, Q. Barbour, E. C. Squier, S. F. Gienn, M. S. Lovett, E. Tudor Horton, George Yellot, Esq., "Milford Bard," Author of "The Descrited Husband," John Smith of Jno.," Author of "A Doctor's MSS., "&e., &e. CONTRIBUTORS.

Any body that will send us fifteen names and the money, shall have the choice of two of the finest copies of the Family Bible, published in Baltimore-one nearly bound in gilt-calf and fancy-edged, and embellished with twenty-four steel engravings—and the other illustrated with copper-plate engravings, with gilt edges, and back, and sides, richly ornamented with gold. It would make a splendid parlor ornament; and it would require more than the amount sent us, to buy it from the individual fortunate enough to get it!

YOUNG LADIES INSTITUTE, Pittsfield, Massachusetts—This Institution, pleasantly located within five minutes walk of the Western Railroad, will be opened for the duties of its summer session on the 18th day of April next.

Teachers, eith dutier respective Departments:

BALLSTON, AND SARATOGA.

IN connexion, by Stage
Lines from Saratoga, by the
way of Glen's Falls to Lake
George, and by the way of Sandy Hill, Kingsbury
and Fort Ann to WHITEHALL—with the Lake

Champlain steamboats for Montreal, Quebec, amintermediate places.

Cars will leave daily, by steam power, as follows:
From TROY,

at 8 o'clock a.w.

SARATOGA, for Troy and Albany, via Troy Road, No change of passengers or baggage cars.

Passengers will be taken from on board the New
York steamboats (whenever they do not go to Troy)
immediately on their arrival at Albany, by the steamboats John Mason or Jonas C. Heart, and landed at

Troy.

Stages and steamboats run every half hour to and from Troy and Albany, and to suit the arrival and departure of the cars.

Passengers going North of the Springs, will find stages to convey them to Lake George, Whitehall, and intermediate places, connecting with all the principal Northern and Eastern routes. Either of the curs will take passengers in time to reach the Lake runs will take passengers in time to reach the Lake Champlain boat.

Champlain boat.

The arrangement between Whitehall and Saratoga is new, and much more pleasant and expeditious than heretofore. It is by stages to Dunham's Basin, near Sandy Hill, and thence in packet boats to Whitehall, thus avoiding the rough part of the road.

Returning—leave Whitehall on arrival of Champlain boat, by packet boat to Dunham's Basin, and thence to Saratoga in stages, to arrive in time for the cars.

IT A stage leaves Saratoga, daily, at 5 o'clock,

A stage leaves Saratoga, daily, at 5 o'clock, a. m., to arrive at Whitehall in time for the steamboat, which leaves at 1 o'clock, p. m., of the same day. Passengers going East, by taking this line, will arrive at Rutland, Vermont, early in the evening.

D. SACKETT, Secretary, Troy. A. REED, Agent, Whitehall.

FOR THE SOUTH—MAIL LINE.

VIA CHESAPEAKE BAY, AND PORTSMOUTH AND ROANOKE RAILROAD.

"The Baltimore Steam Packet Company" give notice that on and after the 7th of March last, their boats, the GEORGIA, Captain Coffey, and JEWESS, Captain Russell, will alternately leave the lower end of Spear's wharf, Baltimore, every MONDAY, WEDNESDAY, FRIDAY, and SATURDAY AFTERNOON, at 4 o'clock, for Portsmouth and Norfolk. Passengers for Charleston will be forwarded in accordance with the following schedule.

accordance with the following schedule.

Leave Baltimore at 4 o'clock, r.m.

Arrive at Portsmouth at 6 o'clock, A.m.

Leave Portsmouth at 9 o'clock, A.m.

Arrive at Weldon at 4 o'clock, r.m.—Ten hours in

Arrive at Weldon at 4 o'clock, F.M.—Ten hours in advance of Passengers via Washington city. Leave Weldon at 2 o'clock, A.M. Arrive at Wilmington at 2 o'clock, F.M. Leave Wilmington immediately, and arrive at Char-leston early next morning. The above boats are so well known to the travelling public as combining strength, speed, and great comfort, that it is deemed unnecessary to say one additional word on the subject.
Passengers for Richmond, Petersburg, or intermediate points on James river, by leaving Baltimore on MONDAY, WEDNESDAY, or FRIDAY AFTER-NOON, sleep on board the bay boat, and are transferred to the James River boat early next morning; arriving at their place of destination the same day

Beturning—A boat will leave Norfolk every Sun-day, Tuesday, Thursday, and Saturday night, at 8 o'clock, and cross over to Portsmouth, where she will await the arrival of the cars from Weldon, and depart

await the arrival of the cars from Weldon, and depart for Baltimore as soon as the passengers and baggage are on board, arriving here in about 14 hours after departure. Any information relative to the different stage routes branching off from the Wilmington Rail Road can be obtained by applying to JNO. C. MOALE, Gen. Agent Balt. Steam Packet Co.

POETS AND POETRY OF AMERICA.

JUST published by CARY & HART, Philadelphia.

J The Poets and Poetry of America, with an Historical Introduction, by Rufus W. Griswold, in oalarge octavo volume, handsomely printed on fine paper, and illustrated by portraits of Bryant, Sprague, Longfellow, Dana, and Halleck, and a beautiful vignette.

vignette.

"This is the most valuable publication of the sea-"This is the most valuable publication of the season. No collection of American Poetry has ever
been made at all comparable to this, whether we regard the completeness of the work, or the taste displayed in the selection. The work comprises selections from eighty-eight of our Poets, whose productions are prefaced by neat biographies; and in an
Appendix are contained selections from various Authors who, without pretending to the rank of Poets,
have yet written occasional verses. Where the poet
has published an edition of his own works, the selections are comparatively few; but where the author backings a Treatise of Sneep, with the best means for their improvement, general management, and the treatment of their diseases, with a chapter or wool, and a history of the wool trade, I vol. 12mo.

Liebig's Chemistry, applied to Agriculture and Physiology, second edition, I vol. 8vo.

Boswell's Poultry Yard; a practical view of the best method of selecting, rearing, and breeding the various species of domestic fowl, I vol. 8vo.

Low's Elements of Practical Agriculture; comprehending the cultivation of plants, the huisbandry of domestic animals, and the economy of the farm, third edition, two hundred engravings, I vol. 8vo.

On Fertilizers, by C. W. Johnson, Esq., I vol. 8vo.

Cattle, their breeds, management, and diseases, illustrated with wood cuts, I vol. 8vo.

British Husbandry; exhibiting the farming industry of the Luited Kingdom of Geart Bestin and Instruments of Practical Agriculture; comprehending the cultivation of plants, the husbandry of domestic animals, and the economy of the farm, third edition, two hundred engravings, I vol. 8vo.

Cattle, their breeds, management, and diseases, illustrated with wood cuts, I vol. 8vo.

British Husbandry; exhibiting the farming industry of the Luited Kingdom of Geart Bestin and Luite Vision and Leave the extracts have been more voluminous. This is a praise worthy feature, since it preserves for us in a collected form, the works of Whittier, Sprague, and others. The longest poems of Drake, Sprague, and Whittier appear in this collection. We dismiss this national work with the assurance, that every American who work with the assurance of the method of selectings are comparatively few; but where the putching are comparatively few; but where the putching are comparatively few; but where the putching are comparatively few; but where the author has left his works to take care of themselves, the extracts have been more volum

W. FISCHER.

DATENT VAPOUR BATHS - For the safe and I convenient external application of sulpher and other irrespirable gases, vapour from herbs, &c., to the other irrespirable gases, vapour from herbs, &c., to the human system, in which the lungs are not only defends ed from any irrespirable vapour that maybe used, but are from exhalations discharged through the pores from all parts of the body, by profuse perspiration; to which they are exposed when the head is inclosed in the usual way. A practice always offensive, in some discases dangerous, and quite unnecessary, as any desired vapour can be inhaled in these apparatus, without this loathsome accompanyment. In these applications will be found a powerful, yet safe general auxiliary to the efforts of the physician for the removal of disease, but particularly so in diseases of the skin, isease, but particularly so in diseases of the skin.

of any mercurial preparation.

Applied, during the session of Congress, on the south side of Pennsylvania avenue, third house west of 12th st., or in the chamber of the sick.

BOYD REILLY.

PEASE'S CLARIFIED ESSENCE OF HORE-PEASE'S CLARIFIED ESSEAUCE OF THOUND CANDY—Compounded of 25 of the most safe and salutary ingredients.
